BROOKS

Brooks has been supplying earthmoving plant to the Construction and Mining industries since 1979. We are the largest privately owned earthmoving and construction equipment hire company in Australia. With 29 branches around Australia, and over 5,000 pieces of equipment, Brooks is the preferred supplier on many of Australia's largest projects.

CAPABILITY TO DELIVER

- **Brooks Group Australia** is made up of the following divisions:
  - **Brooks Hire Service**
    Hire of earthmoving & construction equipment.
  - **Brooks Mining**
    Hire of mining equipment.
  - **Brooks Site Services**
    Design, installation, and maintenance of site services.
  - **Brooks Fleet**
    Long and short term fleet hire.
  - **Brooks Equipment Sales**
    Sale of mining, earthmoving & construction equipment.
  - **Brooks Access**
    Hire & sale of access equipment.
  - **Brooks Cranes**
    Hire of cranes.
  - **Brooks OBR MAIA** (JV in support of Aboriginal community)
    Hire of earthmoving & construction equipment.
  - **Brooks Transport**
    Transport of heavy machinery & earthmoving equipment.
  - **Brooks Parts**
    Stock aftermarket replacement parts for earthmoving, mining, and construction machinery.
  - **Brooks Mechanical**
    Offers a 24/7 on-call mobile mechanical service.
  - **Brooks Airways & Medical Air**
    Fifo flights, corporate charters, medical evacuation (Medical Air) and urgent air freight.
  - **Brooks Finance**
    Offers quick and easy finance options.

TECHNICAL STANDARDS & REGULATORY REFERENCES

Brooks Hire Service has voluntarily undertaken the requirements to achieve Bureau Veritas Certifications ISO 9001, ISO 45001, and ISO 14001. CAPABILITY STATEMENT

BROOKS MECHANICAL

Brooks Mechanical is a division of the Brooks Group Australia, an Australian family owned and operated business since 1979. Brooks Mechanical offers a 24/7 on-call mobile mechanical service. Our team of highly skilled technicians are ready to service, repair, or rebuild your equipment, wherever that may be.

OUR SERVICES AND CAPABILITIES

We provide comprehensive mechanical services delivered by highly skilled professionals, including remote field service callouts, machinery assembly, and component rebuilds for the mining and civil industries. In addition, we offer OEM parts supply, mine-spec fleet hire, service truck hire, mining equipment hire, site services, and hot shot air freight.

SKILLED PROFESSIONALS

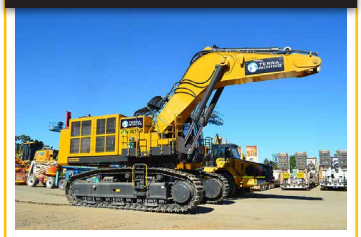

Our highly skilled professionals specialise in the mining and civil sectors, including remote field service callouts.

HEAVY MACHINERY SERVICE AND REPAIRS

Skilled technicians and mine spec. service vehicles for heavy equipment repairs and servicing.

HEAVY EQUIPMENT ASSEMBLY AND REBUILDS

New heavy equipment assembly, and used equipment tear down, overhaul, and rebuilds.

COMPONENT REBUILDS

Major component overhauls on all parts including transmissions, engines, diffs, and undercarriages.

CAPABILITY TO DELIVER

- **Mobile & Fixed Plant Maintenance.** Servicing and repairing both mobile and fixed plant equipment, ensuring reliable performance and minimal downtime across all types of machinery.
- **Civil & Mining Industry Support.** Our skilled mechanical professionals understand the demands of heavy-duty environments and compliance requirements and specialise in supporting operations in both civil construction and mining sectors.
- **General Repairs.** From routine mechanical fixes to complex diagnostics, our technicians can perform a wide range of general repairs to keep your fleet running efficiently.
- **Breakdown Response.** Rapid-response mechanical support for unplanned equipment failures, with the ability to dispatch technicians to site promptly.
- **Scheduled Servicing.** Offering regular servicing tailored to your fleet and site schedules to maximise performance and safety, and ensure equipment longevity.
- **Air Conditioning Services.** Qualified specialists to carry out air conditioning repairs, re-gassing, and system maintenance, ensuring operator comfort and compliance with site regulations.
- **Auto Electrical Work.** Handling diagnostics, repairs, and installations for a wide range of auto electrical systems, including lighting, control systems, battery issues, and more.
- **Workshop or Field-Based Support.** Whether you need in-field service at remote sites or prefer workshop-based repairs, we offer flexible mechanical service solutions tailored to your operational needs, and 24 / 7 support.

5 x B200 KING AIR
Aircrew - 1 or 2 Pilots
Number of Passengers - up to 9
Range up to - 1,480 nm (2,740 km)
Max. Altitude - 25,000 ft
Cabin - Pressurised & Air-conditioned
Baggage Capacity - Medium
Cruising Speed - 250 kn (480 km/hr)
Engine Type - Twin Turbo Prop

2 x LEARJET 35A
Aircrew - 2 Pilots
Number of Passengers - 6
Range up to - 4,500 km
Max. Altitude - 41,000 ft
Cabin - Pressurised & Air-conditioned
Baggage Capacity - Medium
Cruising Speed - 451 kn (840 km/hr)
Engine Type - Twin Jet

1 x BEECHCRAFT 1900D
Aircrew - 2 Pilots
Number of Passengers - up to 19
Range up to - 1,245 nm
Max. Altitude - 25,000 ft
Cabin - Pressurised & Air-conditioned
Baggage Capacity - Large
Cruising Speed - 260 kn (482 km/hr)
Engine Type - Twin Turbo Prop

PRIVATE AIR CHARTERS

Save time - no check in, no luggage queues.
Versatile - your schedule, your location, your time.
Private Departure Facilities - fully-equipped departure lounges in Perth (Ascot) and Jandakot Airport.
Reduced check-in times - under 60 minutes before departure

MINING INDUSTRY FLIGHTS

FIFO & Executive flights - from Perth to any location in Australia.
Private Departure Facilities - fully-equipped departure lounges in Perth (Ascot) and Jandakot Airport, offering reduced check-in times.
Remote Airstrip Capability - locations inaccessible to commercial airlines.

MEDICAL AIR AMBULANCE

Emergency Med-Evac - Complete bed-to-bed service worldwide.
Full ICU Capabilities - CASA approved aircraft, trained doctors, registered flight nurses on call.
Scheduled Patient Transfers - for less urgent cases.
Accredited Service Provider - 24/7 aeromedical standby contracts for remote companies in the mining, oil and gas industries as well as insurance providers.

AIR FREIGHT CHARTERS

Urgent Freight Transfers - National & International.
Dangerous Goods - Qualified to safely transfer dangerous goods.
Hot Shots - Transfer engineers and equipment to the remote locations for breakdowns.
Remote Airstrip Capability - locations inaccessible to commercial airlines.

CAPABILITY TO DELIVER

- Over 21 years of experience in international medical repatriations, private charter flights to individuals, & fly in fly out (FIFO) flights to the mining, oil & gas, & resources industries.
- Brooks Airways has the flight capability to charter flights anywhere in Australia as well as internationally with remote airstrip capability.
- Our dedicated Perth-based FBO is conveniently located next to the Perth Airport (Ascot) and features a fully-equipped waiting lounge.

INDIGENOUS PARTICIPATION

BROOKS
OBR MAIA

Brooks Group Australia (Brooks) recognise and respect the importance of Indigenous people's culture, heritage and traditional rights and support the protection of Indigenous cultural heritage sites.

BROOKS FORMED A JOINT VENTURE WITH OLIVE BRANCH RESOURCES

In 2023, Brooks embarked on a joint venture (JV) with 100% Aboriginal owned mining service contractor, Olive Branch Resources (OBR). Registered as BROOKS OBR MAIA, the purpose of this joint venture is to give back to the Aboriginal community, and focus on the three success pathways for the traditional owners on country, to create a legacy for the next generation.

Three pathways to success: AWARENESS - EMPLOYMENT - BUSINESS OPPORTUNITIES

AWARENESS

At Brooks, we recognise the importance of Australia's Aboriginal and Torres Strait Islander heritage and pay respect to their culture, history, and lifestyle. Brooks is committed to incorporating Indigenous culture, people, and businesses into all aspects of our company.

In 2022, Brooks commissioned the services of talented Indigenous artist, Sister Danielle Champion to design an artwork for Brooks' new Volvo prime mover. Called "The Seven Sisters", the piece represents the significant Dreamtime story of the same name.

In 2023, the Champion family conducted cultural awareness training with the Brooks team. Together with Sister Danielle, the team created the artwork "Seasons", showcasing the six Aboriginal seasons: Birak (December/January), Bunuru (February/-March), Djeran (April/May), Makaru (June/July), Djilba (August/September), and Kambarang (October/November).

EMPLOYMENT

By identifying and creating sustainable employment opportunities we can ensure that we build upon the capabilities of Brooks, and Aboriginal and Torres Strait Islander people.
In this partnership, we envision and foresee:

- Rise in Aboriginal engagement through the Joint Venture
- Aboriginal apprentices in all Brooks locations
- Increase in Aboriginal employment in all Brooks locations

BUSINESS OPPORTUNITIES

Aboriginal communities will see success and growth in employment pathways and educational pathways (apprenticeships and internships) that will be available to them.
Aboriginal businesses will also benefit by being a supplier to not only BROOKS OBR MAIA, but also Brooks Group Australia, directly.

Sister Danielle Champion (OBE COO) - left and Lenore Brooks (Director - Brooks OBR MAIA)

BROOKS OBR MAIA
1300 BROOKS (276 657)
info@brooksobrmaia.com.au
brooksobrmaia.com.au

INDIGENOUS PARTICIPATION

SUPPORTING OUR COMMUNITY

BINAR FUTURES

Since April 2023, one of Brooks Access' telehandlers has been generating funds to support Aboriginal youth.

Using Danielle Champion's "Seven Sisters" artwork to decorate the telehandler, Brooks asked Sister Danielle to select a charity close to her heart for proceeds to go to; she chose Binar Futures.

Binar Futures is an Aboriginal youth support program that brings young people into contact with their culture, providing leadership and development opportunities. A percentage of all profits earned by the telehandler goes directly to Binar Futures.

INDIGENOUS LITERACY FOUNDATION

Taking part in Good Sammy's Containers for Change, the Brooks team are collecting 10c containers, to raise funds for the Indigenous Literacy Foundation (ILF).

The ILF is a not-for-profit charity which respects the unique place of Australia's First People and draws on the expertise of the Australian book industry.

With the understanding that Reading Opens Doors - that is, doors to future opportunities and choices, ILF's purpose is to invest in Aboriginal and Torres Strait Islander remote Communities to provide the tools and resources they request to shape the direction of their children's literacy future.
