

## PORTABLE BUILDINGS

Comprehensive Transportable Building Solutions for Western Australia

Site Offices ■ Lunchrooms ■ Accommodation Units ■ First Aid Rooms ■ Ablution Blocks ■ Workshop Dome ■ Sea Containers

**Brooks Site Services** proudly serves all parts of Western Australia, including remote mining camps, with a complete range of transportable buildings tailored to meet your short-term and long-term hire needs.

Our containers are designed with a strong emphasis on safety and security. Each unit features:

- Internal and external lighting
- Windows fitted with fly screens and security mesh
- Heavy-duty vinyl flooring
- A durable steel personal access door with a tri-locking system

**All units comply with Australian construction standards and can be equipped with cyclone kits for added resilience in extreme conditions.**

Our Ablution Block (4 cubicles) comes fully equipped with: 20mm water inlet, 2500L waste tank, 1500L waste tank, 50mm cam lock pump outlet and high level float activated shutoff valve. We also offer comprehensive delivery, installation, and site works, including cyclonic footings and tie-downs for maximum stability.

At Brooks Site Services, we provide a seamless, one-stop solution for all your site needs. From design and supply to installation and project management, our team has the expertise to handle projects nationwide. We are committed to sustainability, offering innovative net-zero equipment solutions, including solar, hybrid, electric, and battery-powered systems, to reduce emissions and operational costs.
